

Canadian Biomaterial Society Industry Mentoring Program – Mentee Application Form

We are very excited to launch the CBS industry mentoring program that connects professionals outside of academia with graduate students and postdoctoral fellows coming from the Canadian biomaterial community.

This program aims to help graduate students and postdoctoral fellows to:

- Gain an understanding of the world outside of academia through professional socialization
- Facilitate career success beyond academia during and after their graduate program
- Reach his business or career goals

Who is eligible as a mentee? For whom the program is designed?

- Good standing CBS graduate students and postdoctoral fellow members who are registered in a Canadian academic institution.
- Graduate students and postdocs interested in pursuit a career outside of academia.

Why register to the program?

- You will gain a privileged relationship with a senior professional working outside of academia.
- You will have professionalization training during the program
- You will be included to a supportive network

The application

- **Mentor announcement:** September 1st, 2019
- **Application deadline:** September 15th, 2019
- For equity purposes, the application will be blind reviewed by sending the application content (page 3) to the reviewing committee. The selection will be performed based on the match between mentors and mentees, the motivation in participating into the program, the career aspirations and the involvement in the CBS.
- **Equity and diversity:** We welcome applications from indigenous peoples, visible minorities, ethnic minorities, persons with disabilities, women, persons of minority sexual orientations and gender identities and others who may contribute to further diversification.

To submit your application or if you have any questions about the program please contact Gad Sabbatier, Mentoring Program Manager at gad.sabbatier@gmail.com.
