

World Biomaterials Congress 2016 Legacy Fund – Travel Grant Application

Applicant's Name:

Home University:

Program of Study:

Supervisor's Name:

Years of Membership in the Canadian Biomaterials Society:

1. Detail your research project and how it relates to biomaterials. (300 words maximum)

2. Please discuss your involvement in the Canadian Biomaterials Society, including student chapter activities if applicable. (300 words maximum)

Please submit an up to date C.V. and your transcripts for the program you are currently in (including your current G.P.A.), along with the list of your publications, presentations and abstracts, and copy of your abstract submitted to the CBS. or World Biomaterials Congress meeting. Also, please have your supervisor email a letter of reference to the awards committee. Your application will be reviewed by the Canadian Biomaterials Society awards committee who will select the travel award winners based on the following percentages – 60% quality of candidate based on C.V., 30% quality of the project/abstract, and 10% based on service to the Canadian Biomaterials Society and planned activities with the society.
